TopMark Funding specializes in working with Commercial Vehicle Dealers to place financing for their customers. We are committed to serving the dealers we work with at the highest levels. That's why we built DealerLinc. We understand how important it is for Dealerships to have real time access to the status of the transactions they count on us to fund. The secure online system was developed to help the dealerships we work with sell more trucks by enhancing communication and streamlining the process of getting customers funded quickly. DealerLinc keeps you informed and up to date on existing transactions allowing you to stay focused on closing new business.
